Fluid Science & Resources

THE UNIVERSITY OF
**WESTERN
AUSTRALIA**

Separation & Sensing Workshop

Thursday 6th Oct 2016 8:30-1:00pm
ARRC, 26 Dick Perry Ave, Kensington WA 6151

A chance for Industry to learn about the ongoing research the Fluid Science & Resources engineering group is under taking at UWA.

Raman Spectroscopy for In Situ Compositional Analysis | High Performance Pressure Swing Adsorption Processes | NMR Analysis Techniques | Emulsion Characterisation | Lab Tour
